

WHY YOUR SUPPORT IS SO IMPORTANT

Sandy Springs is perceived as an affluent community, yet over 50% of our Sandy Springs public school students are economically disadvantaged and at several schools over 70% qualify for free and reduced lunch. SSEF recognizes the importance of reaching out to this student population so that they might all graduate and seek productive lives. Through generous donations from our community, SSEF provides supplemental programs and opportunities targeted to facilitate success for students in all of our eleven Sandy Springs public schools.

These programs include after school programs, mentoring and tutoring assistance as well as various collaborative programs to prepare students for the workforce. Together, we can raise the graduation rate, and help ensure a thriving future for our students and our city.
