

OUR PLEDGE TO YOU

We are grateful for your financial investment in SSEE, and we will make every effort to ensure that our community knows that you are a valued supporter of our mission. We will be vigilant and unwavering in our commitment to provide each Sandy Springs public school student the critical, supplemental support needed to graduate high school with a path toward a productive future. We believe that this goal can only be accomplished with your help and the support of our entire community. To that end, we promise to keep the lines of communication open and invite you to come see, first-hand, how your dollars impact the lives of our children. We welcome your input and your company's talent as we endeavor to build the highly skilled, competitive 21st century workforce necessary for today's global economy.

HOW YOUR GIFT CHANGES LIVES EACH YEAR

Enables hundreds of middle and high school students to engage in purposeful after-school programs where they receive academic guidance and join extracurricular activities that keep them in school.

Provides hundreds of elementary school students thousands of books to own and take home – some for the first time – and to have Reading Buddies to teach them the love of reading.

Allows almost two thousand students to experience a STEAM Showcase and underwrites after-school STEAM clubs and programs in all eleven schools, consistently exposing hundreds of students to 21st-century careers and fields of study.

Gives over one hundred students, who have no means for higher education, extra college guidance, financial access for college applications and the opportunity for campus tours.

GIVING LEVELS & BENEFITS FOR SPONSORS & DONORS

Creating opportunities that educate, inspire and prepare Sandy Springs public school students for a competitive world

"SSEF programs changed my life. I am truly grateful for the opportunities they have given me. Now I am off to college working on a career in construction engineering. I would not be where I am now without SSEF."

Vanessa Lovinsky, Graduate, North Springs Charter High School

"Everybody benefits when more kids graduate high school!"

Chuck Gardner, Principal Riverwood International Charter School

"I know that what SSEF provides doesn't exist anywhere else. I have never seen or heard of another organization like it!"

Scott Hanson, Principal North Springs Charter High School

"SSEF wants to help all kids achieve success. They are dedicated to making Sandy Springs a better community to live in by making our schools better."

Tara McGee, Principal Woodland Elementary School
